

# DAY 7

 @Dream\_Chasers\_org

## TIME TO

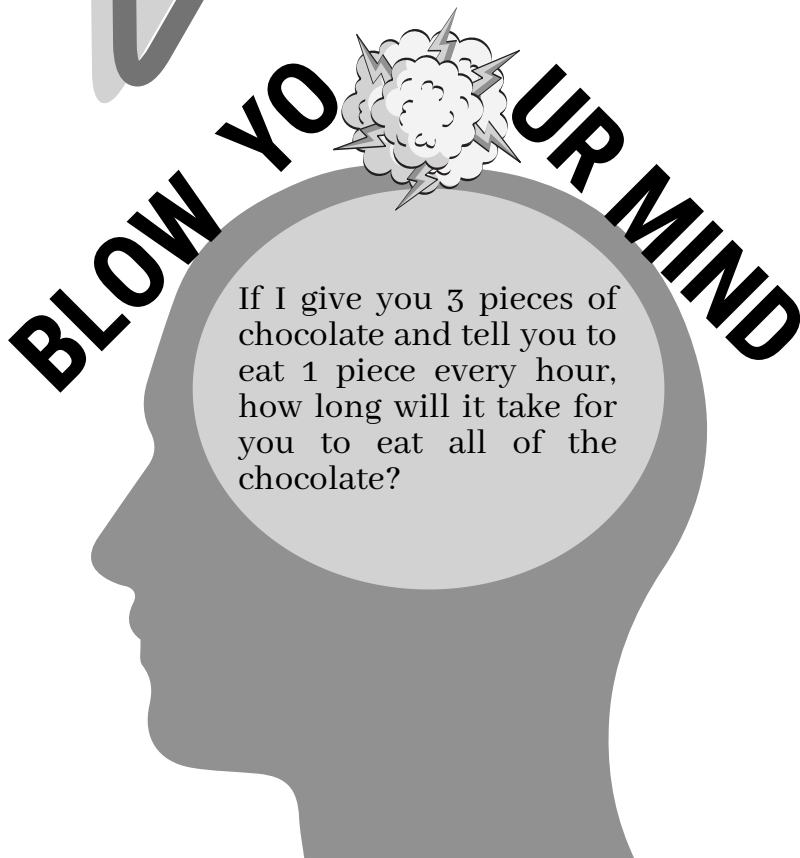

PLAY

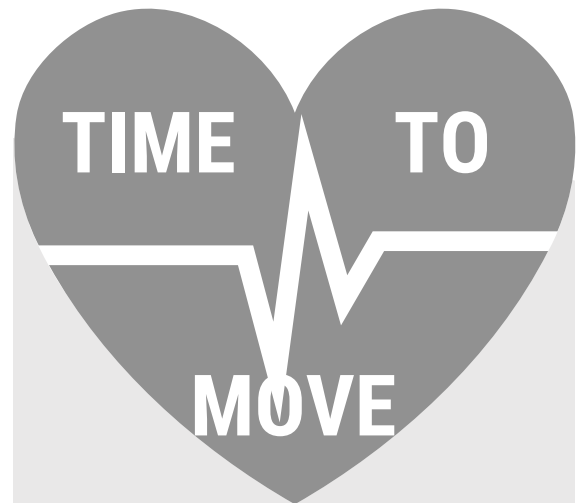

Create a game using a crumpled up piece of paper (not an important one), a paper plate, and an empty container of your choice (it could be a bucket, a trash can, or whatever). Make sure you have some rules. Now, get someone to play with you!

## TALK ABOUT IT

Ask someone, "What do you think is the most important job in the world?"

If I give you 3 pieces of chocolate and tell you to eat 1 piece every hour, how long will it take for you to eat all of the chocolate?

Balance a pillow on your head and see how many times you can sit down and stand back up before the pillow falls off.

\*Make it harder by turning in a circle each time you stand up.
