

DAY 25

 @Dream_Chasers_org

TIME TO

PLAY

Make up your own game that involves rolling something. It could be some sort of variation of bowling, or it could be something with a target or a goal. There has to be rolling involved, though.

TALK ABOUT IT

Ask someone, "Who do you want everyone to see you as?"

Don't stop moving your feet for at least 10 minutes. Walk around your home, no matter how big or small it is. Don't run into things, and don't annoy anybody (so you might have to do it super quietly).

*Make it extra hard by keeping your hands raised over your head.

Using only addition, how do you add eight 8's and get the number 1,000?
